

DIY-

Upcycling Project Contest

What is this: Upcycling is taking an item that is no longer needed or wanted and giving it new life as something that is either useful or creative.

What are some ideas for an upcycle project @ home?

- Upcycle old Mason jars for making low-cost lighting and indoor herb gardens.
- Upcycle old doors and windows to make storage-friendly coffee tables
- Raise the wood crates on wheels, give a decorative finish and gain upcycled crate toy storage boxes.

Bring your Upcycle Project to the Earth Day Fair on April 24th @1p.m. @ the City Gym
Judges will be present and judge the best
